

## It Really Sucks When...

**Against All Authority**

You changed man, you used to be about the music...

You know we're not the only ones who aren't afraid of you  
You want to change you think of what to do  
One day you sing are hanging with the swinging sound  
And your coming off swearing like a piece of rude crow

Singing one day you're a junkie running dry  
Well, now your on MTV and I can see it was just a lie

Apologies were made  
And your relying only on your mic  
You look like I'm a monkey and your momma was a junkie  
Collect money from the on the right

Singing one day you're a junkie running dry  
Well, now your on MTV and I can see it was just a lie

Singing one day you're a junkie running dry  
Well, now your on MTV and I can see it was just a lie
