

Duke

Agar Agar

Duke has magical hands
And when he moves it melts
Them hands are magical, indeed
Them hands are magical

Duke has magical hands
And when he moves it melts
Them hands are magical, indeed
Them hands are magical

Duke has magical hands
And when he moves it melts
Them hands are magical, indeed
Them hands are magical

Duke has magical hands
And when he moves it melts
Them hands are magical, indeed
Them hands are magical

And when he dances
Those fingers dig it
Them underwater heads keep on thinking

And when he dances
Those fingers dig it
Them underwater heads keep on thinking

And when he dances
Those fingers dig it
Them underwater heads keep on thinking

Those hands were fine
Them hands are magical
Magical indeed
