I'm That Guy

Agar Agar

Wandering at night
Keep me warm
There's no one and I'm inside their house
Rabid days
Get delighted
There's no one I'm inside that house
There's no food
There is no light
There is no calling all the time
Inside my mind
There is no food
There is no no way to reach the bottom
But they keep driving me out of line
'Cause you don't know nothing
You don't know me so
Please don't judge until I'm free

I keep wandering at night
I keep looking at the crowd
And all I see is I'm a fucking blind
I keep wandering at night
I keep looking at the light
The only thing is I'm a fucking blind
I keep wandering at night
I keep looking at the crowd
The only thing I see is I'm on fire
I keep wandering at night
I keep looking at the dawn
I see you in the dark and I'm on fire

I keep wandering at night
I keep looking at the light
The only time is I'm a fucking blind
I keep wandering at night
I keep looking at the light
And all I see is I'm a fucking liar

I keep wandering at night
I keep looking at the crowd
The only time is I'm a fucking blind
Give me my space around my neck and life around my chest
I won't leave you or it'll make me dead inside

Space around my chest give me goosebumps
Give me goosebumps again
Space around my chest give me goosebumps
Give me goosebumps again
Space around my chest give me goosebumps
Give me goosebumps again
Space around my chest give me goosebumps
Give me goosebumps again

I know you trolling down that line
We're in march and you keep rocking, fuck you all
Well I should've known better
But there's a time where I threw up 'cause I was sick of it all
Especially sick of you now

I'm gonna buy myself a dog with a lot of hair
'Cause I need to pet something
Or I'm just gonna throw something in the bathtub now
And the beautiful vase
Well if you're okay with that
Maybe we can go and have fun together

There's no food
There's no light
There is no calling all the time inside my mind
There is no food
There is no light
There is no calling all the time inside my mind

Ah, give me goosebumps, give me goosebumps, I'm on fire
Ah, give me goosebumps, give me goosebumps, I'm on fire

Ah, give me goosebumps
And I see you in the dark and I'm on fire
Ah, give me goosebumps
And I see you in the crowd and I'm on fire

I keep wandering at night
I keep looking at the light
The only time is I'm a fucking blind
Give me my space around my neck and life around my chest
I won't leave you or it'll make me dead inside

Please don't sick me up now
You'll cry for death you will cry for death
Please don't try to see my sign or you will cry for death
You will crawl for dead
And I use to running looking down the spine
Don't worry I'm not blind
I won't change your mind
Keep a bullet on the trigger
And make me feel like a moron
Turn me up until I'm dead inside
