

# Shivers

Agar Agar

I'd like to say to the people that I love  
And the people that I care about  
I'd like to share a secret with you all, yeah  
Mom, Dad, Gladys and Rosie  
Here I come to express my story to you straightforward

They're at the lake next to my country house  
I had played a lot of these simulated lives  
With no purpose other than to watch and play  
It's cold and it's dead  
I want to take a nap  
(In the bushes)

Cause it gives me  
Shivers, shivers, shivers, shivers  
Yeah, yeah, yeah, straight up  
It gives me  
Shivers, shivers, shivers, shivers, shivers, yeah

Okay, I understood that their existence was less empty than mine  
Since they had the power to entertain me, wooyah!  
This tool had just appeared in the corner of the room  
I wanted to sit there, cause it was near me and I like it, yeah yeah  
Oh, that's right

Cause it gives me shivers  
It gives me shivers

Ah-ah-ah-ah, ah-ah-ah-ah  
Ah-ah-ah-ah, ah-ah-ah-ah

After several days, I begin to understand things from another angle  
Under my emerald, I had the idea that I was too one of those problematic creatures  
And my bed moved  
I went there anyway, my sleep ball was red  
But for the first time, I could not fall asleep right away  
I could, I could see, I could see, I could see

It gave me  
Shivers, shivers, shivers, shivers  
Yeah yeah yeah, that's right  
And it didn't do nothing  
It gave me  
Shivers, shivers, shivers, shivers, shivers, shivers, yeah

Ah-ah-ah-ah, ah-ah-ah-ah  
Ah-ah-ah-ah, ah-ah-ah-ah

I had began to feel this external presence  
This user who, from another dimension  
Was mechanically having fun with my desires  
I tried to fall asleep but could not do it  
Wasn't it a proof of my lack of free will?

Ah-ah-ah-ah, ah-ah-ah-ah  
Ah-ah-ah-ah, ah-ah-ah-ah
