

Trouble

Agar Agar

La La La La La...

What's coming though the day
I want a peaceful affection
And I have hidden dreams
So deep you can't understand them

All this sand out there
All this land
It's so wonderful
I've been lying here
Bored as hell
It's enjoyable
Spending time alone
All I got is this giant pool
I do think I like you
I do think I like you

All this sand out there
All this land
It's so wonderful
I've been lying here
Bored as hell
It's enjoyable
Spending time alone
All I got is this giant pool
I do think I like you
I do think I like you

Ouh Ouh Ouh Ouh Ouh

Ah! Where's the nasty player at?
Looking for trouble big trouble Oh!
I'm gonna wait here on the map
Looking for trouble, big trouble
Where's the dog that runs so fast
Looking for trouble, trouble
Ha ha
I'm gonna stay bored till I die
Dying for trouble, big trouble

All this sand out there
All this land
It's so wonderful
I've been lying here
Bored as hell
It's enjoyable
Spending time alone
All I got is this giant pool
I do think I like you
I do think I like you

Player walk near the water
What did you find out
Tell me the secrets
Grab me by the hand
Show me where to land

Lead me outside this map
Make me dissuasive
Out of the traces
So no one will find me
Out of the traces
So no one will find me
Staying outside this map
Out of the faces
Out of the land
Tell me the secrets
Walk near the water
What did you find out
It's making me down
It's making me
Making me down
It's making me
Making me down
It's making me
Making me down
Looking for trouble, big trouble
For trouble, big trouble
