

## Let It Be For What It Is

Agathocles

Truth - based on lies  
Covered - in disguise  
Don't wanna be a toy  
Nor consumption for human joy

Majority pounds on me  
But I only wanna be me  
I've told other about this  
But now I'd rather take a piss

Few people understand  
What this is all about  
Human equality  
Both physically and mentally

But why even bother  
And are there any others  
Who try to understand  
And that I can call 'a friend'
