

## Useless Judgement

Agathocles

Shouting for a change of tide  
but for what cause do you fight?  
you keep on walking in the same line  
next elections you'll vote the other one  
useless judgement, useless judgement  
only by judging what you see on TV  
you won't be able to spread your idea  
at least we do what we do best  
we try to reach the critical mass  
useless judgement, useless judgement  
your useless judgement will not change  
the problems that you have to face  
salvation been preached on TV  
can't you see through their hypocrisy  
shouting for a change of tide  
but for what cause do you fight?  
you keep on walking in the same line  
next elections you'll vote the other one
