

## Unknown Strength

Age of Artemis

Please come here  
I need to speak  
About the power that you can't see

Free your mind  
I see the fate in flames  
And only you can save us  
Save us!

I am just a dim soul  
An arrow with no path  
Can you show me  
This unknown strength  
To evolve?  
From the common days  
To the hardest way  
Getting ready for a new world

I dive into myself  
As my master taught me  
And I'll never be the same again!

I am just a dim soul  
An arrow with no path  
Can you show me  
This unknown strength  
To evolve?

I am just a dim soul  
An arrow with no path  
Can you show me  
This unknown strength  
To evolve?

Unknown strength!
