I wanna buy you roses
'Cause the words are dead,
Follow in the blindness
On the arrow head
'Cause the words are dead
And you know it
Yeah the words are dead
Lower them down

Didn't know if you could Deny the dead, Leaving them in silence On their mouldy bed Oh I am numb And over Their kingdom come Lower me down

They are dead, they are dead Oh, don't cry for me, Oh, don't cry for me, Oh, don't cry for me, Oh, don't you cry for me

Lower them down in the ground Lower them down in the ground
