

I Trance

Agnes

Feeling the rush
A sensation in my mind, I feel it
Yeah, holding me tight
Holding me some way, uh

Feeling this haze
I don't know what you've been saying, no
Feeling alright
Got me blazing hot and I don't want nothing but more so

Loose control, let go and fall
Do you get the satisfaction?
Feel the ride, enter night
'Til I trance

Let the music ease your mind
Do you get the satisfaction?
Feel the ride, enter night
'Til I trance

Got all I need, sixty feet beneath the ground, I'm free, here
Feeling my skin, electricity, mmh
Do you believe, believe it like a prayer?
Feeling alright
Got me blazing hot and I don't want nothing but more so

Loose control, let go and fall
Do you get the satisfaction?
Feel the ride, enter night
'Til I trance

Let the music ease your mind
Do you get the satisfaction?
Feel the ride, enter night
'Til I trance

Loose control, let go and fall
Do you get the satisfaction?
Feel the ride, enter night
'Til I trance

Let the music ease your mind
Do you get the satisfaction?
Feel the ride, enter night
'Til I trance
