

Limelight

Agnes

Go get lost in the limelight
Baby go, go get rid of the pain
Lose yourself in the limelight
Baby go, go get carried away

My intuition got my inner vision wanting more
And I can't fight it no longer (uh huh)
I feel it coming, taking over my body
Yeah, like a natural wonder, hey

Rhythm! Rhythm is my remedy
Baby nobody knows me better
Rhythm! Rhythm is my remedy
Baby nobody knows me better than you

Go get lost in the limelight
Baby go, go get rid of the pain
Lose yourself in the limelight
Baby go, go get carried away

I let the music be the answer, my philosophy
Tonight I will not hide, no, no no
And you don't judge me
No, you see me just the way I am
A love I can't deny (A love, a love)

Go get what you need
This time I'll be myself, my all
Come, feeling so free
And leave the rest outside the door, yeah

Rhythm! Rhythm is my remedy
Baby nobody knows me better
Rhythm! Rhythm is my remedy
Baby nobody knows me better than you

Rhythm! Rhythm is my remedy! Yeah, uh

Baby nobody knows me better
Knows me better than you
Baby nobody knows me better
Knows me better than you
Baby nobody knows me better
Knows me better than you
Baby nobody knows me better
Knows me better than you (Baby nobody, nobody, no no)
