

# Look at Me Now

Agnes

And I finally understand that I don't need your hand  
I know I can be happy with who I am  
Look at me now, look at me now

I tried my best gave you what you wanted  
I gave you everything I could give  
You didn't care and took me for granted  
That's not I bout wanna live, no  
You thought that I'd fall apart without you  
You say that I'll come and call back in time  
You didn't think that I'll dear to doubt you  
But I made up my mind

Look me I'm so much stronger  
Look at the way I've spread my wings  
But I can't believe I haven't thought that you were the one that I need  
Look at me, you see me smiling  
No one is gonna bring me down  
You didn't think that I'll survive it  
Baby just look at me now

You say you're different and now you realized  
That you were crazy to let me go  
If for a while there were tears in my eyes  
I'm standing here on my own  
So if you're thinking I'll reconsider  
And take you back again for one more try  
I'm moving on and know I'm not reader  
This is the last goodbye

Look me I'm so much stronger  
Look at the way  
I've spread my wings  
But I can't believe  
I haven't thought that you were the one that I need  
Look at me, you see me smiling  
No one is gonna bring me down  
You didn't think that I'll survive it  
Baby just look at me now

And I finally understand that  
I don't need your hand  
I know I can be happy with who I am  
Look at me now  
Look at me now

I need you no  
I'm fine don't believe it  
You know me enough to know that's a lie  
I'm close hard it is to say  
To total this as I barely holding on

I need you now I need you don't turn away  
I need you now please don't turn me away  
I need you I need you

Out of here where I've been spinning

It's nearly impossible to slow down  
One night of your company  
Might be the only thing to keep me save

The clock is ticking and the fuse is turning  
Can't keep wondering from what is coming  
Don't turn me away don't turn me away

Couplet 3:

How many times have I come to you vulnerable like this?  
I know you have the right to question but please don't ask  
I need you now

The clock is ticking and the fuse is turning  
Can't keep wondering from what is coming  
Don't turn me away don't turn me away

Can't keep wondering from what is coming
