

MILK

Agnes

I turn milk into butter and butter into money
And with the money, honey
I create the life that I like, yeah
I turn milk into butter and butter into money
And with the money, honey
I create the life that I like, yeah
I turn milk into butter and butter into money
And with the money, honey
I create the life that I like, yeah
I turn milk into butter and butter into money
And with the money, honey
I create the life that I like, yeah

Ridiculous
Yeah, call it what you want
Delirious
No, I know what I want

Now there's a ticket and a number I like
And there's no limit to the size of my imagination
Ticket and a number I like
She's dangerous (So dangerous)

I turn milk into butter and butter into money
And with the money, honey
I create the life that I like, yeah
I turn milk into butter and butter into money
And with the money, honey
I create the life that I like, yeah

I take my flaws
Dust them off and let 'em shine

Experience a chain reaction
Mysterious
No, I put it into action

Now there's a ticket and a number I like
And there's no limit to the size of my gratification
Ticket and a number I like
She's dangerous (So dangerous)

I turn milk into butter and butter into money
And with the money, honey
I create the life that I like, yeah
I turn milk into butter and butter into money
And with the money, honey
I create the life that I like, yeah

Your dreams says everything about you (Everything)
Your dreams is a measure of where life will take you (Your life will take you)
So tap in (tap in)
Tune in (Tune in)
Space out (Space out)
Dream big
(Beautiful)

I turn milk into butter and butter into money
And with the money, honey
I create the life that I like, yeah
I turn milk into butter and butter into money
And with the money, honey
I create the life that I like, yeah
