

# SIGN IT

Agnes

Visual, so hypnotic  
Down to my core, I want it  
All in my mind, I find it there  
Oh I  
Search all around, erotic  
Circling my hypnotic  
Down to the core, I want it there

Into my head, into the wild  
It's all in my head, it's all in the night  
I'm feeling myself in colours of blue  
Body of art, I'm thinking of you  
Follow my word and into the style  
All in my head and into the light  
Alter this state, alter this state  
It's all in my head, all in the night

Don't ever look down on who you are  
'Cause your mind and your body is a glowing piece of art  
Your body is all original  
Is all original  
Don't ever look down on who you are  
'Cause your mind and your body is a glowing piece of art  
Your body is all original  
So pick up your pen and sign it

Sign it  
Sign it  
Yeah, sign it  
Sign it  
Sign it  
Sign it

Repeat it and repeat it  
Lean into the rush  
Only in my wild thoughts  
I could get enough  
Hold on to this moment  
What I'm 'bout to see

Sign it  
Uh-huh, uh-huh, sign it  
Uh-huh, uh-huh, sign it  
Uh-huh, uh-huh, sign it  
Uh-huh, uh-huh, yeah, sign it  
Uh-huh, uh-huh, sign it  
Uh-huh, uh-huh, sign it  
Uh-huh, uh-huh
