

Silence

Agnes

Time for silence
Time for affliction
Time for me by myself
Time for [?]
Counter thinking
Time for it to sink in
Time for kindness
Time for lightness
Time for blocks to release
Time for healing
Time for grieving
It's time to bring myself home

Myself home, home, home, home
Myself home, home, home, home

Time to face it
Time to embrace it
Come rain, come storm
All my demons and all my visions
It's time to bring you back home

Bring myself home, home, home, home
Bring myself home, bring myself home
Bring myself home, bring myself home
