

TRIGGER

Agnes

Ah-ah-ah
Ah-ah-ah
Ah-ah-ah
What's your trigger?
Ah-ah-ah
What's your trigger?
Your trigger

We keep pushing those open doors
And screaming louder than ever before
It doesn't matter if you're wrong or right
No, it's a matter of owning the fight

Statement based on shallow ground
So overrated to be rational now, so
Don't dig too deep, no, let's simplify
We ain't got time to stick around

What's your trigger
Can you click to the beat? (na-na-na)
What's your trigger
Do you like what you see now? (na-na-na)
What's your trigger
No nobody goes free (na-na-na)
What's your trigger
Are you pointing at me?

Take a seat on the very first row
And make a scene so that everyone knows
We got no room to be too complex
Attention's gone, moving on to the next

The trigger tells our own history
Now what are yours could mean nothing to me, yeah
There might be difference in our DNA
But in the end we are one and the same

What's your trigger
Can you click to the beat? (na-na-na)
What's your trigger
Do you like what you see now? (na-na-na)
What's your trigger
No nobody goes free (na-na-na)
What's your trigger
Are you pointing at me?

What's your trigger? (trigger, trigger)
What's your trigger? (trigger, trigger)
What's your trigger? (trigger, trigger)
What's your (trigger, trigger, trigger, trigger)

What's your trigger
Can you click to the beat? (na-na-na)
What's your trigger
Do you like what you see now? (na-na-na)
What's your trigger
No nobody goes free (na-na-na)

What's your trigger
Are you pointing at me?
