

# If You Need Somebody Tonight

Agnetha Fältskog

If you need somebody tonight  
Here I am, here I am,  
If it's love you need in your life  
Here I am tonight.

If you want somebody to hold  
Take my hand, take my hand,  
If the night is getting too cold  
Take my hand tonight.

I will hold you, I will love you,  
I will be there right beside you,  
You will never be lonely again.  
If your heart is missing someone  
Here I am, here I am.

If you need somebody tonight  
I will hold you, I will love you,  
I will be right there right beside you,  
You will never be lonely again.

If you want a love that is strong  
Here I stand, here I stand,  
In my arms is where you belong  
If you need somebody tonight.

If your heart is missing someone  
Here I am, here I am,  
And if what you need is my love  
Here I am tonight, here I am tonight
