

# Remember Me

Agnetha Fältskog

As you walk from my side  
The tears I try to hide  
Are running down my cheek  
I find it hard to speak  
This is our last goodbye  
But darling will you please

Remember me from time to time  
The one who loves you  
Remember me from time to time  
I won't forget you  
Oh please remember me  
And I 'll remember too

I watch you walk away  
But in my mind you stay  
An everlasting dream  
To me you've always been  
And please don't turn around as you walk away

Remember me from time to time  
The one who loves you  
Remember me from time to time  
I won't forget you  
Oh please remember me  
And I 'll remember too

Remember me from time to time  
The one who loves you  
Remember me from time to time  
I won't forget you  
Oh please remember me  
And I 'll remember too  
I remember  
So please remember...
