

Attack!

Agnostic Front

Attack! - You played the fool
Attack! - No respect for you

We don't like your kind
No honor, no pride

Attack! - Nothing you can do
Attack! - You broke the golden rule

[Chorus]

You're losing face, you got no backbone
No love for you, you proved you're fake
Put yourself in this position
Never give, only take

We will attack (3x)
Attack! (2x)
We will attack
