

## By My Side

Agnostic Front

Proud  
To stand together with  
Those  
Who understand what I mean  
Proud  
To make this stand together  
Now - you and me!

This ain't for the scene  
It's for my friends and family  
To get respect from me  
Stand by my  
Side stand up and fight  
In my time of need  
I know who is there for me  
Their endless loyalty  
Never goes unnoticed with me

I'll tell you what I mean  
There's those who live it  
Those who talk it  
Those who walk with me!  
They stand by my side  
Stand up and fight!

Everything that we've  
All been through  
Goes beyond a scene!  
Everything that we've  
All lived through  
Goes beyond the streets!  
I don't walk alone  
I don't walk alone!

We walk side by side  
Until the day we die!

Never above you  
Never below you  
By my side - by my side  
Never above you  
Never below you  
By my side - always by my side
