

Divided

Agnostic Front

False pretense anger
Your way of life is threatening to me
Cold fascist swagger
Hopes and dreams we won't live to see

Boldly misguided!
Conscious divided!
Spill the blood of the innocent
We won't feel slighted!

Close your eyes, I'll sell you a bridge
A bridge to nowhere
Stay the course, with hate as our choice
We'll live alone there

Boldly misguided!
Conscious divided!
Spill the blood of the innocent
We won't feel slighted!

Boldly misguided!
Conscious divided!
Spill the blood of the innocent
We won't feel slighted!
