

## For My Family

**Agnostic Front**

For my family for my friends  
For those that we've lost I sing.  
This is a message, this is for you  
Never forget the lower east side crew!

I remember all times we spent  
And all that we went through  
Down on avenue A  
The year was 1982!

HARDCORE! New York City!  
NEW YORK!  
That's how we live it!

We always stuck together  
We always had something to prove  
We gave birth to a movement  
This is for the old school and the new!

HARDCORE! New York City!  
NEW YORK!  
That's how we live it!
