

Forgive Me Mother

Agnostic Front

Always did what I had to
To raise my family
I was living by the gun
Seems like I hurt everyone
Strayed away from my beliefs
Now I feel the shame
Living a life of crime
Now it's my turn to pay

Locked down!
Forgive me mother!

I, know that I was wrong
I'm locked down in this cell
Now I'm doing time
In this living hell

Doing time behind these bars
Can't seem to trust no one
These walls
Have made me strong
I'm twice the man I was
Every day's a fight
A struggle to survive
But I see the light
I'm walking out alive!

I, know that I was wrong
I'm locked down in this cell
Now I'm doing time
In this living hell
Locked down
Behind these bars
In here all alone
I know that I fucked up
I knew right from wrong
