

# No Mercy

Agnostic Front

Hypocrite we had a deal  
Nothing ever fucking real  
Never trust the outsider  
It's proven once again

You can say, what you wanna say  
No forgiveness, no mercy  
Or you can just go straight to hell  
No forgiveness no mercy

It was nothing but a big charade tired of  
Playing these fucking games  
Can't wait to see your tombstone slate may  
Have been fooled but never played

Fuck you, I don't need you  
Turns out, I'm better off anyway  
Tomorrow is another day  
I don't need no sympathy from someone living in a fantasy
