

## No Regrets

Agnostic Front

I've put the past behind me  
So I'll live with no regrets  
Moved on to better things  
Not my fault some can't accept

No - No regrets!  
No - No regrets!

Now I'm so much stronger  
But I still will not forget  
This time I'll be much wiser  
Cause I put myself in check

No - No regrets!  
No - No regrets!

That was then, this is now  
I've put the past behind me  
That was then - this is now!  
I live my life with no regrets!
