

# Nowhere to Go

**Agnostic Front**

Abandoned - Nowhere can I turn  
Fallen - A lesson to be learned

You hand me the blame, all this never ends  
It's always the same, I'll get this never ends  
All I know - Got nowhere to go  
Nothing to show - Got nowhere to go.

Illusion - Things they should be clear  
Delusion - No doubt was ever there.

Whoah oh! - Got nowhere to go  
Left alone with nothing to show.  
In the streets we've made a home  
Our friends are all those we know.

Not guilty, I plead the fifth  
Faced the consequences for the crimes I did.  
People keep tryin' to put me down  
I'm right here I'm still around.
