

Snitches Get Stitches

Agnostic Front

In the dark streets it's as hard as it gets
Cross the line and get killed for that shit
Mind your own business, keep your mouth shut
I'm not playing games, I don't give a fuck

People wanna talk but they don't know what's up
Trying to be hip, trying to act all tough
But snitches get stitches so watch what you do
Run your mouth and it catches up to you

First you talk shit
Then you wonder why
There's violence in our minds!

First you talk shit
Then you wonder why
There's violence in our minds!

Take a good look and tell me what you see
What you see is what you get, honesty
I want to believe that you're telling the truth
But something tells me don't trust you

First you talk shit
Then you wonder why
There's violence in our minds!

First you talk shit
Then you wonder why
There's violence in our minds!
