

# Nothing Changed

Agonizer

Knew you would not be there for me  
I waited still and was disappointed once again

Show me there's a reason for it  
Tell me something that I will believe  
Once again

All the same  
It was all the same as I left here  
Nothing changed, nothing changed  
Just what's inside of me  
After others are  
Gone who wants to live

I draw a shade above my eyes  
To hide things I don't speak  
Just let them hide  
The sun won't show them to me  
It draws them back from my memory  
Just please let them hide

Here I wait for more  
I don't want to let go  
Of the hope that  
You'll come after all

It's all in vain  
All in vain I know  
Winter's eve.  
I just want to stay warm

It's all in vain  
All in vain I know  
Winter's eve.  
Forever frozen in snow
