Knew you would not be there for me
I waited still and was disappointed once again

Show me there's a reason for it Tell me something that I will believe Once again

All the same
It was all the same as I left here
Nothing changed, nothing changed
Just what's inside of me
After others are
Gone who wants to live

I draw a shade above my eyes
To hide things I don't speak
Just let them hide
The sun won't show them to me
It draws them back from my memory
Just please let them hide

Here I wait for more
I don't want to let go
Of the hope that
You'll come after all

It's all in vain
All in vain I know
Winter's eve.
I just want to stay warm

It's all in vain
All in vain I know
Winter's eve.
Forever frozen in snow
