

# Prophecy

## Agonizer

I heard the prophecy  
Impossible to break  
I told you it's not true  
You said many would doubt the truth

I failed to see your way  
I can't believe it's true  
You can't be talking with god  
You said many

Would you believe in me  
and fail to see?

I can't believe you  
I must be going insane  
I can't forget those words  
You must be screwing me

If I follow you  
From now on  
I will be reborn  
I will be reborn  
And the prophecy  
Denies the truth  
And me and you

You put the words in my mouth  
You told what I should think  
Where is the famous free will?  
Where are the decisions that I made?

What should I make of this?  
Should I hate your god?  
You can't be talking with god  
You said many

Would you believe in me  
and fail to see?

I can't believe you  
I must be going insane  
I can't forget those words  
You must be screwing me

If I follow you  
From now on  
I will be reborn  
I will be reborn  
And the prophecy  
Denies the truth  
And me and you

I can't believe you  
I must be going insane  
I can't forget those words

You must be screwing me

If I follow you  
From now on  
I will be reborn  
I will be reborn  
And the prophecy  
Denies the truth  
And me and you

If I follow you  
From now on  
I will be reborn  
I will be reborn  
And the prophecy  
Denies the truth  
And me and you
