

The True Church of God

Agonoize

"the true church of Jesus Christ is so much more.
then the buildings made of wood and stone.
i love Jesus, i don't need any institution,
between him and me, just god and me.
no priests, no churches.
the first words in Jesus gospel are a kingdom of god.
is inside you and all around you. not in a buildings of wood and stone.
spare a piece of wood and i'm there. leave the stone.
and you'll find me."

what's this, this is not.
what i want to read.
guess he gave his life for this deceit.
tell me what about the true church of god.
is he all around or is he not.
why do we need your church.
why do we have to pay.
now absolution.
the demon does it for free.

why do we need your church.
why do we have to pay.
now absolution.
the demon does it for free.
