

## Mantis

### Agoraphobic Nosebleed

The world looks like a finger painting done with  
broken hands i saw the last mantis today eat its own  
head and fuck itself into nothing into nothing i'm  
told that we had hands once and we started carrying  
knives now we have knives instead so even when we try  
to embrace we stabe learn to lick your wounds for the  
taste learn to lick your wounds for the taste
