

## Razor Blades Under The Dashboard

### Agoraphobic Nosebleed

You fucking killed yourself  
Slit your wrists with my fucking car  
I hope you felt real fuckin' stupid

I hope you felt real fuckin' stupid  
On the way to the emergency room  
I had to fix the window you smashed  
But I'll never wash the bloodstains from the floor mats

Fucking dead queer  
I hope you feel real fucking dumb
