

# White On White Crime

## Agoraphobic Nosebleed

A Wal-Mart shopping spree begins a tri-state killing spree

Some Wall Street metalhead with a tribal armband tattoo  
Has just lost his mind  
Lost his fucking mind

In a white man's world  
Pointless, cold and cruel  
We start our day enslaved and end our day depraved

No more sick white guy shit  
No more in white guy mode  
No more gore or sketchy Asian porn

No more

That's why when I go  
I'm taking whitey with me  
As many as I can splatter before the clock runs out  
See you in hell, you fucks  
All covered in blood  
Buddha laughing atop a pile of human skulls
