How you feelin' lately?

1993
The month I was born
My mother's heart surgery
A whole lot was happened back then
Don't know why things are so hectic
I'ma bring back my memories, I can't even remember
Let's unpack them, one by one
Let's unpack them, one by one

Oh-oh, oh
The best choice
Then the second-best choice
Third-best choice, choice, yeah
Things I never ask for
Things that are outta my control
Let's put them back in, one after another
Yes, one, two, yes, one, two

I don't know your name, your name, your name
Travelling to memories
I don't know your name, your name, your name
Come on, let's erase them one by one, yes, one by one

My amygdala (My amygdala)

Please save me, please save me
My amygdala (My amygdala)
Please let me out, please let me out
My amygdala (My amygdala)
My amygdala (My amygdala)
Save me from here, hurry and get me out of here, yeah, yeah

Uh-uh, yeah, a whole lot was happening back then
Uh-uh, the sound of mom's heart tickin' away in my ears
Uh-uh, my accident that I couldn't even mention
The call I got during my work about father's liver cancer
(Woah-oh) Hoped made the best decisions
(Woah-oh) Because they're also all in the past now
So, is all countless suffering for my own good?
What didn't kill me only made me stronger
And I begin to bloom like a lotus flower once again

Oh-oh, oh
The best choice
Then the second-best choice
Third-best choice, choice, yeah
Things I never ask for
Things that are outta my control
Let's put them back in, one after another
Yes, one, two, yes, one, two

I don't know your name, your name, your name
Travelling to memories
I don't know your name, your name, your name
Come on, let's erase them one by one, yes, one by one
