It's really a bitch to not have something you want to do
I know that it seems pathetic
To not have a dream like everyone
"Everything's going to be alright if you go to university
And do as we tell you"
I believed in those words
But I'm living because I can't die
Just pass me the drink
Because I want to get drunk today
So please don't try to stop me
I don't mind the brand, it might be a luxury
For a person with no job to have a drink
Everything is changing but why am I still here
Everything is changing but why am I still here
Everything is changing but why am I still here
So far away, if I had a dream
If only I had a flying dream
Don't fall away, if I had a dream
If only I had a flying dream

Dream, I will be there for your creation
Until the end of your life
Dream, wherever you might be
It will be lenient
Dream, you will fully bloom
After all the hardships
Dream, your beginnings will seem humble
So prosperous will your future be

Right, I'm living because I can't die
But I don't have anything I want to do
I'm in so much pain and loneliness but people around me
Keep telling me to regain my consciousness
I try to vent my anger but I only got myself
So what's the point of venting my anger
I'm scared to open my eyes everyday and start breathing

Even my friends and family are drifting away
I feel anxious as time passes by
It feels like I'm all by myself
I hope everything disappears when I'm alone
I hope things disappear like mirage
I hope things disappear
I hope my damn self disappears
I'm abandoned like this in the world
In this moment I'm drifting away from the sky
I'm falling

So far away, if I had a dream
If only I had a flying dream
Don't fall away, if I had a dream
If only I had a flying dream

Dream, I will be there for your creation
Until the end of your life
Dream, wherever you might be
It will be lenient
Dream, you will fully bloom
After all the hardships
Dream, your beginnings will seem humble
So prosperous will your future be

So far away, if I had a dream
If only I had a flying dream
Don't fall away, if I had a dream
If only I had a flying dream

Dream, I will be there for your creation
Until the end of your life
Dream, wherever you might be
It will be lenient
Dream, you will fully bloom
After all the hardships
Dream, your beginnings will seem humble
So prosperous will your future be

I will be there for your creation
Until the end of your life (don't fall away)
Wherever you might be
It will be lenient
You will fully bloom
After all the hardships
Your beginnings will seem humble
So prosperous will your future be

So far away
So far away
So far away
So far away

So far away, if I had a dream

If only I had a flying dream
Don't fall away, if I had a dream
If only I had a flying dream

So far away
Don't fall away
So far away
Don't fall away

Dream, I will be there for your creation
Until the end of your life
Dream, wherever you might be

Dream, you will fully bloom
