

# Do Better

Aha Gazelle

It's a party, I just hope that you ready  
Every where we go they dropping confetti  
When the wave hit we breaking the levy  
Love the squad 'cause we doing it better  
It's just us 'cause we better together  
Don't explain it 'cause they never gon' get it  
I'm not saying that you doing it wrong  
All I'm saying is that you can do better

I meant every single word if I said it  
Gotta keep it moving, guess I'm kinetic  
Holy Spirit let's me know when they fake  
A lot hands that I shake are prosthetic  
Don't have to rap about the way that I live  
'Cause when your light shine in the dark they gon' see it  
'Cause one day you figure out how much you worth  
And when you act like it they call you conceited  
They go talk about ya all on they Twitter  
Just to go back later have to delete it  
I already know I'm not good enough  
That's the whole point of believing in Jesus  
I'mma hit 'em with the kameha wave  
Smiling so they see the gold on my teeth  
Been working so hard, I feel like I'm a slave  
And now they get mad when I say I ain't free  
This girl in my face, somebody need to get her  
Honestly I wish I never had met her  
All in my ear but I won't get specific  
Got me like dang this was all before dinner  
I be like, "Hold up you ain't on my level"  
So many things that we gotta get ready  
Put on a dress and I'll put on a suit  
With a girl throwing flowers ain't talkin' poinsettias

It's a party, I just hope that you ready  
Everywhere we go they dropping confetti  
When the wave hit we breaking the levy  
Loving the squad 'cause we doing it better  
It's just us cause we better together  
Don't explain it 'cause they never gon' get it  
I'm not sayin that you doing it wrong  
All I'm saying is that you can do better  
All I'm saying is that you can do better  
All I'm saying is that you can do better  
I'm not saying that you doing wrong  
All I'm saying is that you can do better  
It's just us 'cause we better together  
Don't explain it 'cause they never gon' get it  
I'm not saying that you doin' wrong  
All I'm saying is that you can do better  
It's a party I just hope that you get it  
Yeah

My names Aha  
I like lobster  
No single mother, I know my father  
Matthew, Mark, and Luke Skywalker

In other words, well I know my father  
I use slang but I can talk proper  
My dreads hang like I'm a rasta  
Jesus died then Jesus rose  
But Emily couldn't, now that's William Faulkner  
I'm so stupid the way I do this  
I'm in your ear like headphones with Q-tips  
I mention Jesus rose, I hate tulips  
I'm in the haters mouth like old food and toothpicks  
I have no girlfriend 'cause I have cooties  
I'm on narcotics and I'm a nuisance  
'Cause I'm a lame but I'm tryna change  
But I never really did ask for your two cents  
I'm unstoppable like Ron and Rufus  
I'm funnier than a reel of bloopers  
The end is near but I have no fear  
Don't be a scaredy cat in a room full of cougars  
They're too stoned, they gotta love medusa  
Hope you not confused, hope I didn't lose ya  
I'm not a rapper, I'm just a loser  
Play this song real real loud at my funeral  
It's adventure time and I see dragons  
You bring the rice and I'll bring the sushi rolls  
When we party it's bigger than the super bowl  
I'm Carlton dancing to "It's Not Usual"  
When it comes to friends, I got a few of those  
But I ain't tripping 'cause they all some shooters though  
Keep it on the low, quiet as a mouse  
It's just me and my clique, I think they computer froze

It's a party I just hope that you ready  
Every where we go they dropping confetti  
When the wave hit we breaking the levy  
Lovin the squad because we doing it better  
It's just us 'cause we better together  
Don't explain it cause they never gon' get it  
I'm not saying that you doin' it wrong  
All I'm saying is that you can do better  
Ahh!  
Man  
It's Aha  
I'm done

Baby girl you a star  
You should come and shine with me  
How I wonder where you are  
Why do wanna hide from me?  
You must've heard it all before  
Said you don't wanna put up with me  
You told me take you to the store  
Ad show how much you're really worth to me  
I'ma have to buy you everything  
You're worth more than a diamond ring  
I don't have enough cash on me, no no  
You'll make me go broke  
Yeah, yeah
