

# Keep Going

Aha Gazelle

I don't mind the morning grind  
Doesn't matter if it's noon or night  
We turn up all the time  
We go up all the time  
Don't worry it'll be alright  
Stars don't compete, they shine  
You should never hide your light  
No, don't you apologize  
Don't stop movin' keep going  
Don't stop movin' keep going  
Don't stop 'til there's no more  
Keep it going to the morning time  
I'm tryna be more than fine  
I'm tryna be more than fine

Keep going like 18-wheeler  
Rolling like armadillo  
My mom works like Matilda's  
I know how to move the whole building  
I know how to let the beat build-up  
On the run, they tryna kill us  
My car needs a fill-up  
My car needs a fill-up  
Look how far I have to go  
I might just have to leave the country  
I'm on this old town road  
Sometimes I feel like Humpty Dumpty  
I think there's pieces of my soul, I can't find  
We don't have that much more time  
They ask when and I reply

I don't mind a morning grind  
Doesn't matter if it's noon or night  
We turn up all the time  
We go up all the time  
Don't worry it'll be alright  
Stars don't compete, they shine
