

Lost In Time

AHI

I don't know what I would do if I didn't have you
In a foreign time zone, don't know if it's midnight or noon
I'm alone in Köln with the rain soaking through my shoes
Twenty-one days away so I'm sending back an IOU

And we can get lost in time all over the world
And we can find somewhere quiet where nobody goes
And we can lay all night long in each other's arms
And we can get lost in time all over the world

Another twenty-five hours in the lobby of a vintage hotel
I don't mind the wait, but it's a little empty by myself
Lovers coming and going and glowing like a carousel
I'm ready to check out and check in with you and nobody else

And we can get lost in time all over the world
And we can find somewhere quiet where nobody goes
And we can lay all night long in each other's arms
And we can get lost in time
All over the world, world, world
All over the world, world, world
All over the world, world, world
All over the world

What am I searching for there's nowhere in the world where I can go
I know I've been here before, but nothing feels familiar at all
I thought I would find myself, but you're only ever lost when you're alone
I got work to do, but I just want to be with you

And we can get lost in time, yeah
And we can get lost in time
And we can get lost in time all over the world
And we can find somewhere quiet where nobody goes
And we can lay all night long in each other's arms
And we can get lost in time
All over the world, world, world
All over the world, world, world
All over the world, world, world
All over the world
