

# On My Side

AHI

If forty nations rise against me  
And I'm alone in the Great Divide  
And ain't nobody there to defend me  
She'll be the only one standin' on my side

If friend and family leave me stranded  
And I ain't got no hope to [?]  
Left alone in all the badness  
She'll be the only one standin' on my side

On my side  
On my side  
On my side  
Oh Lord, the only one standin' on my side

If I'm locked up without a fair trial  
Facin' life on top of life  
'Cause they say I fit the profile  
She'll be the only one standin' on my side

Judge and jury find me guilty  
Gonna send me to the firing line  
And I can't find no pardon or pity  
She'll be the only one standin' on my side

On my side  
On my side  
On my side  
Oh Lord, the only one standin' on my side

I wanna let it feed my spirit  
I wanna let it break my mind  
When it gets hard enough to bear it  
She'll be the only one standin' on my side

On my side  
On my side  
On my side  
On my side  
On my side  
On my side  
Oh Lord, the only one standin' on my side
