

Stand By

AHI

Take me to your leader
Make me a believer
I'm here to serve you as you are
Show me what you're after
And if there's greener pastures
I won't let it shake my faith in us

'Cause it takes work
We don't have to search
To see what's coming, we got everything we wanted
If you knew your worth
Open your eyes, you gotta make your mind
I believe in "what is meant to be will find you in due time"

So I'll stand by, I'll stand by
I'll stand by, I'm on standby

Oh, I don't need a reason
To pledge my allegiance
My heart is yours and yours alone

But it takes work
We don't have to search
To see what's coming, we got everything we wanted
If you knew your worth
Open your eyes, you gotta make your mind
I believe in "what is meant to be will find you in due time"

So I'll stand by, I'll stand by
I'll stand by, I'm on standby

Tell me, tell me
What you'll find
If you need to know then I'll stand by
I got your back and all your sides
So whatever it is, we'll be just fine

Tell me, tell me
Where's your mind
What you're waiting for you'll find inside
I've got your back and you got mine
So don't worry 'bout a thing child

But it takes work
We don't have to search
To see what's coming, we got everything we wanted
If you knew your worth
Open your eyes, you gotta make your mind
I believe in "what is meant to be will find you in due time"

So I'll stand by, I'll stand by
I'll stand by, I'm on standby
I'm on standby
I'm on standby
I'll stand by
I'm on standby
