

You keep me like a secret
In your forever sun
You love to be my weakness
And you get
Yeah, you get
What you want

And I know it's getting late but you keep calling
And I let it happen every time

You ricochet back into my life
You always come back to say goodbye
You got a sharp tongue that could cut like a knife
When you ricochet
When you ricochet
You've messed with my head a hundred times
And I don't know when to draw the line
So innocent but it's just all by design
When you ricochet
When you ricochet

Save me cause I got a problem
I'm self destructive I know
But I just cannot help it
I like the way you're selfish
I love yeah I love to indulge

And I know it's getting late but you keep calling
And I let it happen every time

You ricochet back into my life
You always come back to say goodbye
You got a sharp tongue that could cut like a knife
When you ricochet
When you ricochet
You've messed with my head a hundred times
And I don't know when to draw the line
So innocent but it's just all by design
When you ricochet
When you ricochet

You said you're never going to do it again
I let it happen every time

You ricochet back into my life
You always come back to say goodbye
You got a sharp tongue that could cut like a knife
When you ricochet
When you ricochet
You've messed with my head a hundred times
And I don't know when to draw the line
So innocent but it's just all by design
When you ricochet
When you ricochet
