

# Knitting Something Nice For You

Aidan Knight

I push the needle through  
Knitting something nice for you  
And I guess I always should  
Measure twice with eyes and wood

I push the needle through  
In hopes of finding something beautiful  
Felt the lines go through the wool  
Felt them give and push and pull

Money, money absolute  
How can you run with nothing new?  
All you got was knitted goods  
All you got was knitted goods
