

## These Days

Aidan Knight

Came to california  
With a letter in my hand  
Here to land the big one  
Just you wait  
It's all gonna work out  
One of these days

Night shifts at the rite aid  
Late to pay the bill  
A pill to calm this invisible  
Dread i feel  
It's all gonna work out  
One of these days  
All the lonely people  
Coming down the canyon hills  
Waiting in the next room  
I know i never will  
Settle down my handshake  
Before i walk on in  
It's all gonna work out  
One of these days

Waiting for the callback  
A sign from him upstairs  
Is it in his plan to save  
Us all from this deep despair  
It's all gonna work out  
One of these days

If my lord won't take me  
For a feature role  
Maybe he'll see fit to  
Make me whole  
My god it'll work out  
One of these days

Mama don't you miss me  
On the tv screen  
Talking in the background  
Of this scene  
It's all gonna work out  
One of these days
