

Surrender

Aidan Martin

Coming to my hotel
Your hands know me so well
You kiss but you don't tell
It's like razor blades yeah
Good times with the lights out
Got me thinking about it right now
Too high to ever come down
But you dug your grave

Here we go again
The way you touch my skin
Tryna pull me in
But not tonight

You're shooting me down
There'll be no way back
[?] my hands
I'll never surrender
I'll never surrender oh
I figured you out
There'll be no way back
[?] my hands
I'll never surrender
I'm stronger than ever

If you die it could break me
Take my heart and leave it empty
Now you're nothing but a memory
With no air to breathe

Here we go again
The way you touch my skin
Tryna pull me in
But not tonight

You're shooting me down
There'll be no way back
[?] my hands
I'll never surrender
I'll never surrender oh
I figured you out
There'll be no way back
[?] my hands
I'll never surrender
I'm stronger than ever

So when I talk, you gonna listen
Knock down my walls, I left my prison
I right my wrongs, make it my mission
Tonight

You're shooting me down
There'll be no way back
[?] my hands
I'll never surrender
I'll never surrender oh
I figured you out

There'll be no way back
[?] my hands
I'll never surrender
I'm stronger than ever
I'll never surrender

I figured you out
No no no no
I'm stronger than ever
I'll never surrender
