Isolated mind, a teardrop fallen softly calling someone wait for me Imitated lines, you're staring at the rainbow but your eyes are colorblind This island is suicidal ideas supply the fears inside I open up my thoughts at night only walls will hold me in I'll give you everything I'll give you everything Let it hurt again let it hurt again Behind my eyes I'm terrified now you're gone, now you're gone Let it hurt again let it hurt again Behind my eyes I'm terrified now you're gone, now you're gone Fascinating shine, a frozen star that's chosen just to lighten up the sky Animated highs, you're searching for the answers but the question is why This island is suicidal ideas supply the fears inside I open up my thoughts at night only walls will hold me in Let it hurt again let it hurt again Behind my eyes I'm terrified now you're gone, now you're gone Let it hurt again let it hurt again Behind my eyes I'm terrified now you're gone, now you're gone You used to love me Do you still love me? You used to hold me Do you still hold me? Now you're gone, now you're gone, now you're gone You used to love me Do you still love me? You used to hold me Do you still hold me? Now you're gone, now you're gone, now you're gone Let it hurt again let it hurt again Behind my eyes I'm terrified now you're gone, now

you're gone
