Here and there, while I work
I think about you
Every time I see a crossroad
I can only think of you

The air called you
Makes me run out of breath
Then you vanish like that

If you, if my love was 100
If I didn't leave half of it remaining
Would you still be by my side?
Would we still be in love?

I wasn't that
I didn't want to give you my all
I just needed some time

Because of my past break ups
Because of my scarred memories
I was afraid to give you my all

If you, if my love was 100
If I didn't leave half of it remaining
Would you still be by my side?
Would we still be in love?

Two halves of love
That are hidden in my heart
I can take out even the other half now
Come back to me today

If you, if my love was 100
If I didn't leave half of it remaining

Would you still be by my side?
Would we still be in love?

After living in a place of you
I can't live a single day
In any other place
I can't
If I love again and it's not you
I can't love
