

Hey, you  
You're what I want  
You're natural, looking all natural  
There's something about you  
It feels so right  
'Cause that one single look caught my eye

You're all I'm thinking about  
I'll be dreaming away  
Every day I be scrolling, scrolling, uh  
Down your page  
I'm thinking about  
And I don't wanna wait  
Baby every morning, evening  
You're my Insta-babe

You wanna be my man crush Monday?  
You gotta be the hottest thing I ever seen  
Wanna follow me, follow me?  
I'm making it worth your while  
Hit me up and you see it, yeah

Ooh, ooh, ooh, ooh  
Ooh, ooh  
Man crush Monday  
Ooh, ooh, ooh, ooh  
Ooh, ooh  
Man crush everyday

Monday is my happy day  
And I be wishing it (Always)  
Wasting all my time online  
But I can't keep you off of my mind  
There's something about you  
It feels so right  
'Cause that one single look caught my eye

You're all I'm thinking about  
And I don't wanna wait  
Baby every morning, evening  
You're my Insta-babe

You wanna be my man crush Monday?  
You gotta be the hottest thing I ever seen  
Wanna follow me, follow me?  
I'm making it worth your while  
Hit me up and you see it

You belong on the runway  
The cake on my birthday  
Why it's gotta gotta be so hard to get ya  
Looking so damn fine  
Gotta make you mine  
We got nothing to lose

You wanna be my man crush Monday?  
You gotta be the hottest thing I ever seen

Wanna follow me, follow me?  
I'm making it worth your while  
Hit me up and you see it

Ooh, ooh, ooh, ooh  
Ooh, ooh  
Man crush Monday  
Ooh, ooh, ooh, ooh  
Ooh, ooh  
Man crush everyday
