

Meaning

Ailee

One more second, stay with me
It's killing me to see you leave
I don't know how much time we got to say goodbye
I hold out for a sign

Call me when I'm far away
Somewhere in a dream
You got me believing
You give my life a meaning
When I'm high above
Stars are all I see
It's like I'm never leaving
You give my life a meaning

Summer came and took it's toll
When the hardest part is letting it go
The river flows and marches on
That part of me is never gone
You will always guide me back home

Call me when I'm far away
Somewhere in a dream
You got me believing
You give my life a meaning
When I'm high above
Stars are all I see
It's like I'm never leaving
You give my life a meaning

Say you won't let go
I promise you I'll stay
Hold on to the feeling
When I close my eyes, I see you hold me tight
Yeah, even in the night, I feel a light in me
I think I lose track of time whenever I believe
Darling, there's only us when I look up
It's all memories, you and I
'Cause next time, I'll hold you, I promise

Call me
When I'm far away
Somewhere in a dream
You got me believing
You give my life a meaning
When I'm high above
Stars are all I see
It's like I'm never leaving
You give my life a meaning
