But you be out here looking like a fool  
When you acting like that

'Cause I got all I need tonight  
You know you're wasting your time, baby  
Stop messing with my mental, I keep my heart protected  
I'm all I need tonight, it's me, myself and I

I-I don't need no one by my side  
Yeah, 'cause I know what I like  
Ain't giving no FaceTime 'cause I'm in love tonight  
With me, myself and
